Users may not offset the cost of fuel purchased by them against the rental fee and may not charge it to the Service Provider. If it is established that a User has purchased a type of fuel other than the one required for the passenger car (that is, not gasoline), that User must refund the Service Provider for any damage caused by this.</p>

<b>7.4 Other conditions for using the Service</b>
7.4.1 The Service Provider may interrupt service provision temporarily, for the period of carrying out the necessary maintenance and updating works.
7.4.2 Users must use the passenger car properly for its intended purpose. The Service Provider will upload the user guidelines and information videos on its website, make accessible the technical and operating descriptions by inserting links on its website, and make them available at the Customer Service.
7.4.3 Users need not pay parking fees in public areas within the administrative area of Budapest within the LIMO Zone, as these costs will be borne by the Service Provider. If a User leaves the LIMO Zone and parks outside of it, the fee for this – that is, the <b>Stopover Fee</b> and the parking fee applicable in the given area – shall be borne by the User.  If a User parks the passenger car in a paying parking lot used for this purpose, whether within or outside the LIMO Zone – by suspending the trip and paying the <b>Stopover Fee</b> at the same time – any such fee shall be borne by the User.
7.4.4 The Service Provider may refuse to provide the service and may interrupt providing the service to a User with immediate effect if required by law or by a court decision, or if the Service is used in conflict with the GTC, without authorisation, or otherwise unlawfully or improperly, having regard to the purpose of the car sharing service.
7.4.5 The Service Provider shall notify Users electronically or otherwise in a manner deemed to be appropriate by the Service Provider about the reason for and duration of any outage in the car sharing service, in due time in advance.
7.4.6 It is prohibited to perform information technology manipulation or reproduction of the APP by reverse engineering or reverse modelling or in any other manner. Any violation of this prohibition shall be deemed to be a breach of agreement, and the User concerned shall be obliged to refund all damage arising out of this.
7.4.7 Users must send a “Damage check” to the Service Provider via the APP after unlocking the passenger car, thereby indicating to the Service Provider whether there is any damage to the passenger car.
7.4.8 By accepting these GTC, Users expressly acknowledge that they will lose their right to withdraw from and terminate the agreement as set out in Section 20 of Government Decree no. 45/2014. (II. 26.) following the delivery of the complete service. Opening of the passenger car using the Mobile Application by the User shall be deemed to constitute the express commencement of the Service with the User’s prior consent.
<b>8. Data Privacy</b>
8.1 The detailed provisions concerning the processing of the User’s data and the Privacy Policy are set out in <b>Annex 1</b> .
8.2 The Service Provider shall process the data made available by Users in line with the legal provisions – of the European Union, especially of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation, hereinafter: GDPR) and Hungary – in effect at all times.

8.3 By accepting these GTC, Users expressly consent to the processing of their data in line with the provisions of the GTC and Annex 1.

## 9. Notices

### *Notice by registered mail with advice of delivery*

If this Agreement provides for delivery by registered mail with acknowledgement of receipt in relation to any legal declaration and the addressed Party does not accept the registered mail sent to the notification address specified in this Agreement or, when it is not available, to the registered seat of the Party, for any reason, the delivery of the letter must be attempted again. If the repeated delivery attempt fails, the letter shall be considered delivered after 5 (five) days from the repeated posting.

### *Notices sent electronically*

Users and the Service Provider shall notify one another about information related to the performance of the agreement electronically, using the e-mail address of the Service Provider's Customer Service and the e-mail address provided by the User.

In the absence of confirmation, notices sent electronically by e-mail to and from the e-mail addresses above shall be deemed to have been delivered one day after the time of sending.

Notices and confirmations sent electronically by e-mail under the agreement will reach Users and the Service Provider without official or due signature and identification to substitute such signatures, and the Parties acknowledge this and consider this to be accepted unless proven to the contrary.

In respect of e-mails generated in line with the rules set out in the agreement, the Parties may not claim before any court or other authority that these fail to comply with the requirements of written documents issued on behalf of the Service Provider or the User, unless such an e-mail can be proven to have been used fraudulently or with some other unlawful intention.

In the event of any dispute arising concerning the sender's e-mail about the sender's identity or the contents of the message, the sender shall bear the burden of proving that the message was sent by a person other than that indicated as sender or with contents other than the contents received.

The Parties declare that they consider the e-mailing system to be used as safe and suitable at the time of signing the agreement, and agree to notify the other party without delay upon becoming aware of any threat to the system's security. The Parties shall be liable for damage arising out of any delay in providing such information.

The Parties agree that mail sent electronically (e-mail) shall be deemed to be the official form of keeping contact only in the cases where and to the extent this is expressly allowed hereunder.

## 10. Liability

### 10.1 Service Provider's liability

10.1.1 The Service Provider shall not be held liable for consequences arising out of a User's breach of the provisions of these GTC, including without limitation due to events that may be

<p>associated with the improper use of the service or the provision of untrue data by the User, and with the User's conduct and violation of the rules accepted by the User in the course of registration, etc.</p>
<p>10.1.2 The Service Provider shall be held liable solely for damage occurring due to the Service Provider's gross negligence and/or wilful conduct, as follows.</p>
<p>10.1.3 The Service Provider shall not be held liable for any direct or indirect damage stemming from the use of the Service, unless it is the consequence of any gross negligence or wilful conduct attributable to the Service Provider.</p>
<p>10.1.4 The User may not be obliged to bear or refund any damage arising out of wilful conduct of the Service Provider and/or its representatives or staff in violation of the requirements set out in the GTC, and the Service Provider shall be liable for the occurrence of such damage.</p>
<p>10.1.5 The Service Provider shall be liable for damage arising out of the gross negligence (omission) of the Service Provider and/or its representatives or staff only if occurrence of the damage was foreseeable at the time of exercising such conduct (omission) and the conduct violates a substantial obligation stemming from the legal relationship existing between the User and the Service Provider. For this purpose, all obligations assumed under the GTC and obligations the performance of which is absolutely necessary for the use of the car sharing service by the given User shall be deemed to be substantial. The limitation set out in this paragraph shall not be applicable to liability for culpable conduct that damages life and bodily health.</p>
<p>10.1.6 The Service Provider may not be obliged to bear or refund damage that may be attributed to circumstances outside its control if the occurrence of such damage was not foreseeable at the time of concluding the agreement.</p>
<p>10.1.7 The Service Provider may not be held liable for technical troubles, including without limitation any downtime in the internet or the GPS network.</p>
<p>10.1.8 The Service Provider shall not be liable for any damage arising out of the use, improper operation or the deletion of any part or contents of the APP or the Website.</p>
<p>10.1.9 Compensation for damage by the Service provider shall not cover profit lost pursuant to the damage event and consequential damages. The limitation set out in this paragraph shall not be applicable to liability for culpable conduct that damages life and bodily health and to the damage caused due to the Service Provider's wilful conduct.</p>
<p style="text-align: center;"><b>10.2 User's liability</b></p>
<p>10.2.1 Users shall be obliged to bear or refund all damage arising out of any violation of the requirements set out in the GTC.</p>
<p>10.2.2 Users shall be relieved from liability if they prove that the breach of agreement was caused by a circumstance outside their control that could not be foreseen at the time of concluding the agreement, and they could not be expected to avoid that circumstance or prevent the damage.</p>
<p><i>Users shall be liable for the following in particular:</i></p>
<p>10.2.3 Users shall be liable for and shall warrant that they use the car sharing service only in a manner that fully complies with the requirements of proper use as well as the legal requirements and standards in effect at all times.</p>

Thus especially – but not exclusively – the User, by using the Service, warrants that when using the Service he/she is in proper condition for driving and at the time of using the Service he/she possesses a valid driving license.

10.2.4 In the event that Users fail to check whether the passenger car rented by them is suitable for proper use, or pick up and use the passenger car in spite of detecting the passenger car’s unsuitability for proper use, Users shall bear all risks arising out of the passenger car’s unsuitability for proper use and shall be liable for any damage arising out of the passenger car’s unsuitability for proper use.

10.2.5 Users must notify the Service Provider via the APP about information implying that the previous User of the passenger car has used it in violation of the GTC, as well as any signs that the passenger car has been vandalised by third parties.

10.2.6 Users shall be liable for and shall warrant the proper use of the APP and the Website, in line with the GTC.  
Users shall be liable for all damage arising out of improper use.  
Users shall ensure the privacy of their User names and Passwords, comply with the provisions concerning notices, and shall warrant that the data provided by them are true.

10.2.7 All costs, damage and other detrimental legal consequences arising out of termination applied by the Service Provider in the event of any violation of the requirements of the GTC shall be borne solely by the User who violated the GTC.

10.2.8 Users may not transfer the rented passenger car to any third party, and may not allow third parties to use the passenger car rented. The passenger car may be used solely by the User who concluded the Individual Rental Agreement. Users shall be liable for all damage arising out of transfers to unauthorised persons, and shall be liable for paying the fee defined in Annex 4.

10.2.9 The prerequisite for use is that Users may not use the Service for purposes other than those set out in these GTC and in legislation.  
Users may avail themselves of the Service only in person, for non-commercial purposes.  
Users shall be liable for all activities related to the use of the Service.

10.2.10 Users may not use their User Account, or allow the use of their User Accounts for any third party, for any of the following purposes or to use contents that

- a. infringe any patent, trademark, business secret, copyright, advertising right or the rights of any other person or legal entity, or any law or contract;
- b. contain any software virus or other computer code, file or programme designed or intended to interrupt, damage, restrict or prevent the proper operation of any software, hardware or telecommunication device of the Service Provider or any other third person or to attempt unauthorised access to any system, information, password or other information;
- c. was created by breaching any lawful – contractual or assignment-based – obligation existing in respect of any other person;
- d. present the persona of any person or legal entity, including the Service Provider’s employee or representative
- e. result in reselling the Service
- f. use the Service for any other purpose outside the scope of proper use, and may not allow other persons to do so.

10.2.11 Users must immediately notify the Service Provider if their driving licence is withdrawn or becomes subject to any restriction. If a User’s driving licence is withdrawn or a court or competent authority imposes a prohibition of driving on a User, the Service Provider shall suspend that User’s User Account for the duration of the effect of such measure.

10.2.12 Users must duly lock and park the passenger car in the LIMO Zone when the maximum 24-hour rental period under the Individual Rental Agreement expires. Users must pay the Rental Fee and shall assume liability for damage until proper locking within the LIMO Zone.

10.2.13 In the event that there is reason to transport the passenger car or to transport it back to the Service Area pursuant to damage to or failure of the passenger car, or pursuant to the User's conduct in violation of traffic rules, or because the Individual Rental Agreement expired outside the LIMO Zone for some reason, the User concerned must refund the Towing Cost and administrative charges to the Service Provider.

10.2.14 Users must pay any fine, fee, additional fee or any other cost (hereinafter: fine) imposed in connection with the violation of the rules of public road traffic by Users. The Service Provider will charge the amount of fines to the given User after receipt of the relevant resolution/decision, notice, warning or any other document requesting the payment of fine.

***Service Provider is entitled to charge the fine to User also in the case, and cannot take into consideration the User's late notice – taken when the Service Provider has charged the fine for not appropriate parking to the User – that the he/she could not park the passenger car to another, appropriate place, because the User finished its trip with a range of less than 20 km and the passenger car did not appear afterwards as bookable in the APP. The fact that the User initially not parked the passenger car properly, forms the basis of charging of the fine to the User.***

***The administration process regarding the fine depends on the proceedings of the competent authority.***

10.2.15 Users must forthwith notify the police and the Service Provider if the passenger car becomes involved in a road accident. Users must wait for the police forces on the spot. The event, the circumstances of the event and the damage incurred shall be detailed in minutes.

10.2.16 In the event that the person who caused damage to the passenger car during the term of the Individual Rental Agreement concluded by a User pays damages to that User, that User must pay it to the Service Provider as damages, by wire transfer. Payment of these damages to the Service Provider shall not mean that the Service Provider may not claim damage incurred in excess of that amount from that User.

## 11. Termination of Framework Agreement

11.1 Users may request deletion of their User Account and thereby terminate the Framework Agreement in writing, without having to give reasons. The Framework Agreement shall be terminated with the deletion of the User Account.

The other party shall be notified of termination by e-mail or in writing by registered mail with advice of delivery.

The Service Provider may terminate the Framework Agreement in writing, with a notice period of 30 days, without having to give reasons. The Framework Agreement shall be terminated when the notice period expires.

The other party shall be notified of termination by e-mail or in writing by registered mail with advice of delivery.

The Service Provider shall delete the User's User Account on the date when the Framework Agreement is terminated.

11.2 In the event of the occurrence of events set out in this paragraph, the Service Provider may terminate the Framework Agreement even with immediate effect, without having to pay damages (hereinafter: immediate termination):

- a) Any statement or conduct/action by the User infringes the Service Provider’s good reputation or business integrity,
- b) The User violates his obligation set out in the agreement (in these GTC).

In case of immediate termination by the Service Provider, the Parties shall settle accounts with each other regarding the service provided until the effective date of termination, including the breach of agreement and its consequences.

In the event of immediate termination, the Service Provider reserves the right to enforce its rights stemming from the breach of agreement, including the right to compensation for damages.

11.3 The Service Provider will notify the User concerned about immediate termination in writing, in e-mail or by registered mail with advice of delivery. The notice mentioned in this paragraph shall include the name of the User concerned, the reason for termination, the provision of the GTC violated by the User, a short description of the breaching conduct, and the date when the Framework Agreement will be terminated.

11.4 In the event of immediate termination by the Service Provider, all Individual Rental Agreements concluded on the basis of the Framework Agreement shall be terminated as of the time when the termination is communicated, the Service Provider will delete the User’s User Account and – based on the Service Provider’s individual decision – may put the User on the List of Users in Default for a period defined at the time of the termination.

11.5 Users put on the List of Users in Default by the Service Provider may not conclude new Framework Agreements with the Service Provider. Users may request to be deleted from the List of Users in Default in a separate written letter sent to the Customer Service’s mailing address by registered mail with advice of delivery. The Service Provider shall notify the User in writing about its decision concerning the request within thirty (30) days. The Service Provider need not provide the reasons for its decision.

11.6 In the event that a User requests that the Service Provider delete his data, the agreement will be terminated on the day when the request for data deletion is received.

11.7 Notices of termination sent by e-mail according to this section shall be governed by the provisions of section 9 “Notices sent electronically”.

## **12. Complaints handling, customer service**

12.1 Users may contact the Customer Service with their complaints, orally or in writing, using the Customer Service’s mailing or e-mail address or its telephone number.

12.2 If Users submit complaints to the Customer Service orally, the Customer Service shall record the complaint in minutes and hand over a copy of the minutes to the User in person or, in the case of complaints submitted by phone, deliver it to the User at the time of sending the answer to the complaint.

12.3 The minutes taken of the complaint shall contain the following:

- a) Name and address of the user,
- b) the place, time and manner of submitting the complaint,

- c) detailed description of the User’s complaint, list of documents and other evidence presented by the consumer,
- d) a statement from the business on its position concerning the User’s complaint if it is possible to investigate the complaint immediately,

- f) place and time of recording the minutes,
- g) unique identification number of the complaint for oral complaints communicated by phone or other electronic communications services.

12.4 The Service Provider shall operate a call centre during the operation of which phone calls conducted with customer service shall be recorded in order to enable the Service Provider to credibly reconstruct events in the case of a consumer dispute.

In the event that a User speaks rudely, uses obscene phrases, offends the customer service staff member or the Service Provider, the Service Provider may terminate the call.

12.5 The Service Provider shall send its answer regarding the substance of the complaint to the User by e-mail or in writing by registered mail within thirty (30) days. The Service Provider must provide reasons for decisions rejecting the complaint.

12.6 The Service Provider must safeguard the complaint or the minutes recorded of the complaint and a copy of the answer regarding the substance of the complaint for 5 (five) years, and present them if requested by the authorities auditing such items.

12.7 In the event of customer disputes, Users may contact the arbitration boards having competence at the User’s place of permanent or temporary residence. The seat, phone contact, internet contact possibilities and mailing address of such arbitration boards can be found at <http://www.fogyasztovedelem.kormany.hu/node/8579>.

12.8 In the event that the complaint is rejected, the Service Provider must inform Users in writing about the authority or arbitration board where a procedure may be initiated concerning the complaint, subject to the complaint’s nature. Furthermore, the information thus provided must contain the seat, phone and internet contact details and mailing addresses of the competent authority and/or the arbitration board having competence at the consumer’s place of permanent or temporary residence. *Model information on liability for defects, product warranty and guarantee*

#### **1. Liability for defects**

*Which are the cases in which we shall be held liable for defects?*

In case of defective performance by the Service Provider, the customer may assert liability claims according to the provisions of the [Hungarian Civil Code](#).

*What rights can you enforce based on our liability for defects?*

You may raise the following claims, according to your choice:

You may request that the Product be repaired or replaced, except if compliance with the chosen right is impossible or it results in disproportionate expenses on the part of the business as compared to the alternative remedy. If you did not or could not request a repair or replacement, you may claim a pro rata reduction of the price paid or have the defect repaired yourself or have it repaired at the cost of the business, or – ultimately – withdraw from the contract.

You may switch between your rights under liability for defects but you shall bear the cost of that switch, unless it was justified or done for a reason due to our business.

*What is the deadline for enforcing claims for liability for defects?*

You shall give notice of the defect immediately after becoming aware of it but no later than within two months of becoming aware of the defect. Please note that you may not enforce any rights concerning our liability for defects after a period of two years from the date when the contract was performed. The deadline for second-hand items is maximum one year.

*Who to enforce your claim against?*

You may enforce your liability claims against the business.

*What other conditions are there for enforcing such claims?*

Other than giving notice of the defect, there are no other conditions for making claims for liability for defects within six months of delivery, provided you confirm that the product or service in question was delivered by the Service Provider. On the other hand, after six months from delivery, it will be up to you to prove that the defect detected by you already existed at the time of delivery.

## **2. Product warranty**

*In what cases may you exercise your product warranty rights?*

In case of a defect of a movable object (product), you may – at your choice – exercise your right specified in clause 1 above or raise a product warranty claim.

*What are your rights under a product warranty claim?*

The only product warranty claims you may have are claims for repairing or replacing the defective products.

*When is a product deemed to be defective?*

A product is deemed to be defective if it fails to comply with the quality requirements in effect at the time it is released to the market, or if it does not have the features included in the product description provided by the manufacturer.

*What is the deadline for making product warranty claims?*

You may make product warranty claims within two years of the date when the product is released to the market by the manufacturer. Your right will lapse after this deadline.

*Who to make the claim against and what other conditions are there for making the claim?*

You may make product warranty claims only against the manufacturer or distributor of movable objects. In case of making a claim under product warranty, you will have to prove that the product was defective.

*When can the manufacturer (distributor) be relieved from its product warranty liability?*

The manufacturer (distributor) shall be relieved from its product warranty liability only if it is able to prove that:

- it did not manufacture or distribute the product in the framework of its business activities, or
- the defect was unrecognisable using the technology available at the time of releasing the product to the market, or

- the defect of the product has arisen out of the application of legislation or a statutory requirement.

The manufacturer (distributor) needs to prove only one of these reasons to be relieved.

Please note that you may not make parallel claims for liability for defects and for product warranty on account of the same defect. However, if you successfully make a claim under product warranty, you may make claims for liability for defects in respect of the replaced product or repaired component.

In case of any discrepancies between the two versions, the Hungarian version shall prevail.

### **3. Guarantee**

*In what cases may you exercise your guarantee rights?*

In case of defective performance, provided that a guarantee obligation was stipulated in the contract, the Service Provider shall be liable for guarantee under the contract.

*What are your rights under guarantee and what is the deadline for exercising them?*

*When will the business be relieved from its guarantee obligations?*

The business will be relieved from guarantee obligations only if it proves that the reason for the defect occurred after delivery.

Please note that no claims under liability for defects and guarantee or, respectively, product warranty and guarantee may be made for the same defect or in parallel and at the same time; but other than that, you are entitled to the rights stemming from guarantee regardless of the rights specified in items 1 and 2.
